

Approved Agency List

The following organizations are ideas, you may work with other agencies. However, if the agency is not on this list, you will need to seek approval from Sr. Jude Andrew or Mrs. Burns. Service sites need to be chosen by the end of September. Not all of these organizations are approved for each grade level. It is your responsibility to read grade specific guidelines on the website.

***Coronavirus Update: 15 Hours will be required for the 2020/2021 school year only. Please consider getting creative with your service. Making facemasks, putting together care packages for the elderly, contacting local hospitals and asking them how you can help, etc.*

**Please note that you will need to contact the agency you want to work with to determine what the COVID-19 guidelines will be for the foreseeable future. Do your research!*
