SENIOR CSP PROJECTS 2019/2020

**GOAL:** The goal of the Senior CSP project is to showcase your dedication to the corporal and spiritual works of mercy during your time in high school. This 7-10 minute iMovie is replacing your poster, *please do not make a trifold poster.* This video will include two pieces - content and inspiration

1. **Content:** 75% of your video (the first 5-8 minutes)
   a. Include all the content listed in the rubric (discussing last four years of service, corporal/spiritual works of mercy, challenges, what was gained from this experience - look at rubric below)
   b. Make a Powerpoint/Google Slides presentation to be embedded into an iMovie
      i. We do not want you to do [this](#). (Have someone video you giving a powerpoint presentation)
      ii. We do want you to do something like [this](#). (An integrated video that has pictures, videos, voiceovers, shots of the person talking etc.)
         1. Your voice should be present during the whole presentation, explaining slides, explaining pictures. When your face shows (and it should show for a portion of the video) - you need to be dressed professionally!

2. **Inspiration:** 25% of your video (the last 2 minutes)
   a. This will be a creative part of the project that should clearly depict the heart of why we do service at SMA.
   b. Think of this as a movie trailer to educate/inspire others on why we do service, and why it matters.
   c. Check out [this](#) video for inspiration.
   d. **Extra Credit:** The top 5 Inspiration videos will be featured on facebook and our website. These students will also earn 5% extra credit.

**METHOD:** Typically, we would be meeting at school for you to formally present your project. Due to the current restrictions, you are going to create a showcase movie to present your years of service. You will be using iMovie to create this presentation.

**Youtube has great educational videos on how to work iMovie if you are not familiar. Please check out the tech information below. My best tip: Google everything! I taught myself a ton of tricks on iMovie by just asking Google.**

**WHAT NEEDS TO BE INCLUDED?** The original rubric is below. You should still be able to include the necessary requirements listed, but creatively incorporate them into a movie. Here is a list of what needs to be included in your video:

   - A 7-10 minute video created on iMovie
   - You should be incorporated into the video with sound and video. When you appear on screen, you should be professionally dressed and presentable.
   - Pictures, graphics, videos, and music should all appear throughout the video.

**DUE DATE:** Video should be sent via google drive to [jburns@smacatholic.org](mailto:jburns@smacatholic.org) by Holy Thursday. A panel of faculty will watch your video and provide the final grade.
